

The Mid Iowa Archers organization was established in 2003. We have been working hard to build a family friendly nonprofit archery club here in the central Iowa area. We hold 4 3-d shoots at the Warren Co Ikes, across the street from Lake Ahquabi State Park. We have a 40-target course in the surrounding woods around the lodge. The course includes both flat and hilly shooting. There is also a tower shot at the halfway point. The course consists of two different loops so archers may start at two different places. There is also a practice range with targets from 10 yards out to 50 yards.

Another plus, archers enjoy is the air-conditioned lodge with modern plumbing facilities for registration and lunch. Check our shoot calendar for shoot dates.

MIA also hosts an indoor potluck shoot during the winter. This is held at Archery Field and Sports in Altoona. It includes good food and fun for the whole family.

Whether you're the lone archer or have a family of budding archery enthusiasts, come join us for a fun time. We offer family memberships which also includes membership to the Iowa Bowhunters Association. Members shoot our shoots at a reduced price! If you haven't shot a 3-d course before, members are on hand to take you through and explain the basics. A 3-d shoot is a great way to get ready for hunting season or just to enjoy the challenge of shooting the course. So pack up your bow and come out and see us! If you are interested in becoming a member or have any questions please contact us using the contact us page.
